

**ROY D. MERRITT FOR U. S. PRESIDENT
CAMPAIGN SPEECH # 67**

- **Good morning, America! I am Roy Merritt, *a. k. a.* the “Desert Fox” and the “Last American Patriot,” and I am running as a candidate for President of the U. S. A. in 2024, and this is Campaign Speech # 67**
- **This speech represents a summary and recapitulation of some of my proposals as a candidate for the office of President of the U. S. A. in 2024**
- **Again, I welcome all loyal and patriotic Americans to my NOT ALL DEMOCRATS ARE TERRORISTS,,,BUT MOST IN NEW MEXICO ARE...CAMPAIGN**
- **One of my most important proposals is to remove the State of New Mexico from the Union of American States, and move it back to New Territorial Status (NTS) for a minimum period of 10 years**
- **I have also proposed giving the maximum sanction of the death penalty to ring-leading Democratic Party Hispanic terrorists, traitors, revolutionaries, saboteurs, insurrectionists, insurgents, invaders, infidels and other related classes of VERMIN**
- **I would also like to do away with Doña Ana County, New Mexico as a political unit, and fire all current employees**
- **Additionally, I want to fire all law enforcement and police in the State of New Mexico including all Sheriffs of the County since the beginning of 2020**
- **I am proposing also the maximum sanction of the death penalty to leading State of New Mexico government officials**
- **I want to close down all terrorist-education and terrorist-training centers, facilities, and universities in New Mexico, including UNM in Albuquerque and New Mexico State (Terrorist) University in Las Cruces**
- **One of my earliest proposals and campaign slogans was to eliminate criminals and vandals “overnight.” An important part of this will be to obliterate property crimes,**

destruction, desecration, vandalism, and all related types of criminal activities, including terroristic acts, hate crimes and mischief crimes

- I am generally proposing more serious penalties, punishments and sentences for all crimes and criminals**
- I propose to create Terror Squads as para-military units nationwide to ferret out, close down and eliminate all terrorist camps and terrorist enclaves across our country, and give the death penalty or automatic lifetime expatriation and expulsion to thousands, if not millions, of domestic terrorists**
- I also want to create Citizenship Tribunals to evaluate the citizenship of all Hispanics coming into New Mexico and the country at large since 1990**
- I am additionally proposing that the Spanish language be made null and void as a language of inter-citizen communication in the U. S. A., eliminate all bilingual-education programs nationwide, and replace them with intensive English immersion classes beginning with the earliest grades**
- I also want to eliminate all current government-sponsored inter-language accommodations for the routine assistance and translation for Spanish language-only speakers nationwide**
- I want to stop parental criminal rearing of children nationwide**
- I propose to reimplement and re-enforce law and order in the new territory of New Mexico and to give renewed emphasis and robustness to the protection of all American citizens' guaranteed Constitutional rights and freedoms**
- I also want to make illegal immigration an act of terrorism punishable up to and including the death penalty, or immediate permanent expulsion from the country**
- Along with many of the other important new types of domestic terrorism, I am proposing to put an end to environmental, patriotic and religious terrorism nationwide**

- 
- I want to end all forms of discrimination nationwide, including the reversed discrimination of WASPs (White Anglo-Saxon Protestants). I seek to make all American citizens entirely equal with no “special” people and no special privileges, and to have no one treated any better or worse than any other citizen for any reason. This means no free educations, medical care, or other benefits based on ethnicity or citizenship alone
 - I want to make trespassing a serious offense similar to illegal immigration making it punishable by a minimum five-year prison term
 - I have also introduced the idea of creating so-called “prison farms” across the nation for the alternative sentencing of lower-level domestic crimes and neighborhood criminals
 - I propose that the current so-called “War of Second Secession” be continued until fixes can be found for secessionist States and domestic terrorists
 - I believe that all presidential campaigns need to have some more positive and motivating proposals as well and I have put forward a number of these as well
 - One of the most important is to reinvigorate and revitalize our nation’s efforts to locate somewhere in our universe the most promising extra-terrestrial off-ramp—that is, a best-option planet where we can start relocating people from Planet Earth so as to relieve planetary stresses on Earth and provide a viable new “home” for mankind and the human species in case of a catastrophic disruption or elimination of life systems on Earth
 - I am also proposing to construct a new national monument built to the maximum possible height and dedicated to the elimination of hate, intolerance, discrimination and injustice
 - I am Roy Merritt and I am running as a candidate for President of the U. S. A. in 2024. May God bless, protect and preserve the U. S. A. as “One Nation Under God”
