

ROY D. MERRITT FOR U. S. PRESIDENT
CAMPAIGN SPEECH # 39

- I'm Roy Merritt and I am running as a candidate for the presidency of the U. S. A. in 2024
- I am also known as the "Desert Fox" and the "Last American Patriot"
- I may very well be the last standing bulwark in the defense of our nation and its Constitution
- American's democracy is a farce
- Freedom of the press by the 4th Estate is a farce
- Censorship is the order of the day
- My campaign web site at <https://www.merrittforpresident.org> is currently being blocked and censored, and its intended audience—the American people and voters in the next presidential election—are being denied access to the site, and my video speeches are being prevented from being uploaded and seen by the American public
- Because of complaints against my free speech rights as an individual and as a candidate for the presidency, I plan to photograph many of my campaign signs which I have standing on our property in front of our house, and put photographs of them up on my website in a section called "My Platform in Pictures"
- The Democratic Party, especially here in New Mexico, is overrun with terrorists and traitors to the U. S. A., its Constitution and its flag
- There is little or no patriotism for America in the State of New Mexico
- The State of New Mexico is a rogue State of the U. S. A.
- We do not live under the U. S. Constitution here and are not afforded our Constitutionally guaranteed rights, freedoms and protections
- There is no rule of law and order that is being implemented in the State

• I fully expect that an attempt at an overthrow of the U. S. government and its Constitution will occur slightly before or slightly after the next election

• Civil War is also a distinct possibility, and I would urge all parties, especially the American military, to get prepared should such an eventuality occur

• On the home front and especially here in the State, I would recommend that all universities, like NMSTU and the University of New Mexico, that do not support the U. S. government and Constitution, especially when under Republican and Conservative presidents, relocate to other countries, perhaps second- or third- world countries, where they would be more comfortable and that would be more compatible with their perceived missions

• I believe that my campaign positions and my platform are considered to be hard line for most people. However, if the States of the nation, like New Mexico, are not going to live under and support the U. S. Constitution and the rule of law and order, then there is nothing else that is more pre-eminent or important. And, if that be the case, then America is definitely lost as New Mexico is currently lost, and will likely never find its way ever again

• The State of New Mexico cannot continue to exist in a civil war against itself and against our nation and the U. S. Constitution. I estimate that up to half or more of the current voting populace in New Mexico are Hispanic terrorists and traitors of the Democratic Party

• I again want to invite all American citizens who do not love the U. S. A., its Constitution, its flag, its freedoms and ways of life and living to leave the country voluntarily. You should not be here for economic reasons alone. That is not enough

• As most of you already know, I am “Pro Choice” but anti-abortion. I am “Pro Choice” in the sense that I believe Democratic Party terrorists and traitors should have a choice, and if I am elected the next president of the U. S. A., I am willing to give all of them that free choice: Expatriation or Death!

• Thus, I am supportive of the death penalty for many Democratic Party terrorists, traitors, revolutionaries and *coup d' é tatists*, especially those who are ring-leaders in destroying our communities, our towns and cities, our Counties, our States, and our nation

• Thank you very much, and may God bless and protect the U. S. A., and my family and I from domestic terrorists and traitors of the Democratic Party
