

“NO, YOU’RE RADICAL !!!”

You’re a through and through terrorist,
You’re one of a lot of the unmerriest.

You’re one of the Party—Revolutionary,
You’re a one and only all-time adversary.

You want to be an authoritarian—a usurper,
You want to shackle us—be a freedom excerpter.

You’ve went over to the Dark Side—a traitor,
You are inside a sad and lonely low-life hater.

You crave a New Way—subversive and seditious,
You’re in your truest heart—kingly and imperious.

You’re for revolution in the White House mansion,
You don’t really need from the voters sanction.

You want to implant in society mutiny and rebellion,
You’re registered as a Democratic-Party hellion.

You’re one-and-all for insurgency and insurrection,
You don’t want peace—no law-and order protection.

You were born of the Karl Marx Finishing School,
You’re a “numb”-skull, imbecile and a diddling fool.

You’re down-and-out post-modern extremists,
You are outer-most avant-garde behemoths.

Your views and ideas are ultra-Leftist,
Your political beliefs are all socio-Communist.

You’ve all been since your births dissidents,
You’re fully supportive of execrable presidents.

You’ll take over the reins by seizure of power,
You’re a national debt on-the-future borrower.

You see here and there a lord and an overlord,
You desire to sow dissension—universal discord.

You’re for a stroke-of-evil policy and dis-state,
You’re for spreading lies—truly Propagand-ate.

You want to infringe, encroach, and trespass,
You enjoy using your guns to strew desert glass.

You wish in free enterprise to scam and extort,
You yearn to yank out all the babies and abort.

You have a need to rob us blind—take and steal,
You lack in all things possible any kind of appeal.

You long to establish societal chaos and disorder,
You want to have always a free-and-open border.

You’re not in your heart for N. M. TRUE,
You’re in the end of it all for no hero statue.

You’re a federal-government overthrower,
You’re a U. S. Constitution off-blower.

You’re Far-out; you’re not just only radical,
You’re also very, very, very tyrannical!
